BEJJANKI MOHANA CHINA KOTAIAH

B.TECH COMPUTER ENGINEERING STUDENT

PROFESSIONAL SUMMARY

Motivated and detail-oriented Computer Engineering student with a strong foundation in programming, data structures, and software development. Passionate about building efficient solutions and continuously learning new technologies. Eager to contribute to real-world projects and grow as a software developer.

EDUCATION

B.Tech in Computer Engineering

Seshadri Rao Gudlavaluru Engineering College (Autonomous)
JNTUK, Kakinada

2023 – 2027

CGPA: 8.25

Intermediate (MPC)

Sri Chaitanya Junior College

2021 – 2023

Percentage: 93.2%

SSC

Sri Chaitanya School

2020 – 2021

Percentage: 95.4%

PROJECTS

Credit Card Approval Prediction

Python ML Streamlit Pandas

- Built a machine learning model to predict credit card approval using classification algorithms.
- Performed data preprocessing, feature engineering, and model evaluation.
- Developed an interactive web app with Streamlit for user-friendly predictions.

AI Powered Debt Relief & Financial Recovery Platform

React.js FastAPI SQLite Gemini API

- Developed a platform to help users manage loan details and analyze financial health.
- Integrated Google Gemini API to generate intelligent negotiation letters.
- Provided adaptive settlement recommendations and financial tracking dashboard.

Smart Home Automation System (Java)

Java OOP Core Concepts

- Designed a system to control devices (Light, Fan, AC, DoorLock) using Java.
- Implemented features to track device status and calculate power usage.
- Applied core OOP principles: Encapsulation, Composition, Constructors, Methods.

ACHIEVEMENTS

- Solved 300+ problems on LeetCode and GeeksforGeeks.
- Participated in coding contests and hackathons.
- Completed several projects demonstrating problem-solving and development skills.
- Active participant in departmental technical events.

TECHNICAL STRENGTHS

- Strong problem-solving and analytical skills
- Ability to learn new technologies quickly
- Team collaboration and communication
- Attention to detail and code quality
- Time management and project delivery

Continuous learning
is the key to innovation and growth.
